REGULAR BOARD MEETING AGENDA

Wednesday, April 13, 2022, 1:00PM RCD Conference Room, 11769 Waterhill Road, Lakeside, CA 92040

<u>Land Acknowledgement Statement:</u> Since time immemorial, the San Diego County region has been the home of the Kumeyaay, Luiseño, Cahuilla, and Cupeño Native people. We acknowledge that people have come before us and lived with care and respect on these lands. We recognize that we are now on the lands of these indigenous people who are still here and will always be. We honor the Indigenous people living today as well as their ancestors, and we deeply respect their resilience and connection to the land.

1. CALL TO ORDER, INTRODUCTION

SUCCESSES · STRUGGLES · SUPPORT

Activity Highlights for March 2022

Prepared for Board Meeting on 04/13/22

SUCCESSES and STRUGGLES

Executive Director:

- Attended the kick-off meeting of San Diego Food System Alliance's Food Economy Lab program
- Attended a site visit to the Grove Park HOA, where we have supported pollinator-friendly native landscaping
- Met with LAFCO consultant Adam Wilson to discuss the ad hoc committee for San Diego County RCDs being formed; had a follow meeting with Adam and the District Managers of the other two SD County RCD's to discuss committee formation and next steps. It was agreed the committee should consist of one staff member and one board member of each RCD
- Attended a meeting with Odette, Sierra Reiss, and staff from Olivewood Gardens to explore collaboration
- Attended the March FSCSDC Executive Board meeting
- Met with the Wild Willow Farm subcommittee
- Met with RCD staff and County Parks and Real Estate staff to discuss the Wild Willow Farm water line project and lease
- Presented on our pollinator work and milkweed project at the virtual Southern California Monarchs and Milkweed Conference, hosted by the Santa Monica Mountains Fund
- Filmed a segment for Fox 5 LOCAList at Wild Willow Farm, along with Cheyanne Piacenza, Assistant Farm Manager
- Met with our IT company to follow up with concerns about their service and to discuss security improvements
- Attended the spring quarter SD LAFCO Special Districts Advisory Committee meeting I was appointed at the end of last year, this was my first meeting
- Participated in a meeting with Gregg and Heather, with volunteers from the Engineers Without Borders program who approached us about helping with infrastructure projects on the farm
- Attended the IB Sustainable event to promote the farm and our other programs, at the invitation of Odette
- Held a meeting with the farm leadership staff to discuss priorities on the farm
- Held Heather Marlow's annual review
- Participated in a call about proposed Division 9 changes, hosted by CARCD
- Held weekly check-ins with each manager, as well as weekly managers meetings, and bi-weekly staff meetings
- Communicated with legal counsel and the County of San Diego about the Wild Willow Farm lease

Forest Health/ Fire Prevention:

- Stan has now been with our team for 3 months, and has successfully completed his probationary period.
- Working on a CALFIRE Resiliency Block Grant application with CARCD.

- Met with Good Shepherds group to discuss future collaboration on grazing projects, toured their sites in Santee and El Cajon.
- Participating in April 2 Inter-tribal earth day event at La Jolla reservation.

19 CAL Fire Forest Health:

- Work at Pauma is finally underway, they have submitted their first progress report for Q1 billing
- Contractors that are working at Cal Tech will be moving over to PLC when close to completion
- Notified grantees of quarter-end reporting needs, preparing for Workbook completion and submission
- USFS continues to burn piles at Morgan Hill

DOC RFFC

- Continue to gather information, and engage stakeholders for the Regional Priority Plan
- Local stakeholder RPP planning meeting will be held on April 13 in Escondido.
- GrizzlyCorps Fellow application was successful, potential have 2 Fellows coming to join us in September.
- One year extension request was approved, and budget revisions have been submitted for approval as well.
- USFS hosted the first GSOB mitigation plan workshop with local tribes using a new template for private landowners. This template and workshops are an important tool in creating regional strategies for GSOB and other pest mitigation.
- Planning a SoCal convening for RFFC program in collaboration with other grantees, DOC, and partners. This will be held on April 26.
- Participating in monthly working groups, regional convenings, webinars, and check-ins.
- Flex Fleet rental vehicle insurance and gas card issues mitigated for NACC program.
- Girl Scouts took delivery of curtain burners
- Met Joe Weir at Santa Ysabel to discuss potential projects; GSOB and evacuation corridor work

<u>SDGE</u>

- Met with Danny McCamish from State Parks to discuss work in Palomar Mountain State Park; looking at evacuation corridors and distribution line clearance projects.
- Met with Bill and Santa Ysabel to discuss evacuation route clearance project.

FIRE SAFE COUNCIL/ CHIPPING/ DSAP PROGRAMS

- Integrated one new DSAP contractor- Go Patriot.
- Planned and facilitated a successful Last Chance Survival Workshop in Potrero
- Planned and facilitated a successful Last Chance Survival Workshop in Valley Center
- Drafted and distributed the FSC Newsletter
- Hosted a virtual FSC Coffee Chat meeting with guest speaker, Greg Rubin, founder of California's Own Native Landscape Design. Greg spoke on fire wise landscaping, native plants, and irrigation.
- Continued planning for Fire Safe Council "Strategic Summit" in partnership with San Diego County Fire and San Diego Regional Fire Foundation
- Launched the 2022 FSC SAFE grants program in partnership with SD Regional Fire Foundation
- Locked in the date and venue for the FSC Volunteer Awards this summer
- Hosted the first FSC CWPP Review Committee Meeting and reviewed Coastal Canyon, Elfin Forest Harmony Grove, and Kensington's CWPPs

- Completed mapping for Poway FSC CWPP, working on Ramona and Fallbrook
- Actively working with GIS Intern to create a Storymap which outlines the work the FSCSDC does
- Attended a CAFSC Outreach and Communications Workshop in Santa Barbara
- Planned and facilitated our FSC General and Executive Board Meetings

Pollinators:

- Began labeling/sending seed packets to the public; created a webpage with info on the project and how to grow the milkweed seeds
- Pollinators for Working Lands: Organized a field visit/site assessment for an interested farmer in Campo (3/25)

Soil Health / Rancher TA:

CDFA

- Sampled soil and planted spring bell bean cover crop at Demonstration Site
- Request Project Change Request to reduce scope of cover crop demo from three fields to one
- Attended state meeting on obtaining licenses for grazing on state lands
- Field Day at Rancho Jamul Ecological Reserve for the CDFA Prescribed Grazing grant; final outreach event for the grant

Dept of Conservation

- Conducted producer needs assessment with >30 producers with help from partners at Mission RCD, Foodshed and Farm to Institution Center
- Prepared for second producer listening session at Farm Bureau
- Refined maps of historic (1980's) and potential agricultural land in San Diego County with SDSU City Planning Dept.
- Requested scope of work from contractor to calculate GHG impacts of ag lands conversion
- Prepared for policy stage of grant by meeting with other SALC Planning awardees

SALC

• Conducted more outreach for Producer Needs Assessments; started planning for the Policy Phase of the grant and identified some options for mediators at proposed policy meetings; set a date (4/11) for 2nd listening session to be held at the SD Farm Bureau in Escondido

Nat Res Conservation Service

 Referred producers for upcoming round of EQIP, including one producer of color and one female-managed operation

Dept of Water Resources

BCLT field monitoring training

Zero Foodprint

6-month extension approved to accommodate implementation delays

Healthy Soils Discretionary Fund

 Field day at Rancho Jamul, including tour of pastures, fire breaks, biodiversity enhancement and grazing management planning

Watershed Education Program:

- Three watershed presentations given at two school locations
- Booked 16 presentations for April
- Wrote and submitted the Q3 Port report

- Promoted the program through the plant giveaway
- Watershed intern, Mandy Padilla, has been working diligently to send out promo, call port partner schools, and prepare for future presentations

Sweetwater Community Garden:

- Inducted two four gardeners
- Upgraded communal compost system signage at Sweetwater

TRV Community Garden:

- Inducting two new gardeners at the TRV
- Presented community garden information to the Imperial Beach Collaborative monthly meeting
- Sold over \$900 of produce to Foodshed from the carbon farming plot
- Started planning for TRV cleanup day in April

Wild Willow Farm:

- Hosted CSA Tribal Working Group Native propagation and reforestation field day
- Drafted and distributed Wild Willow Farm Newsletter
- Continued collaboration with Food2Soil composting program
- Completed walking trail installation throughout the farm
- Met with Engineers Without Borders, a pro bono group that will be working on designing infrastructure upgrades at the Farm
- Hosted weekly volunteers, planned and coordinated community tasks and projects
- Grew, harvested, and packaged Community Supported Agriculture (CSA) produce bags
- Completed the first month of egg production, adding this as an add-on to our CSA subscriptions
- Planned and hosted a CSA subscriber appreciation event, inviting customers to the farm to share potluck
- Hosted 14 groups for field trips and tours
- Met with Netafim to explore collaboration donation partnership for irrigation
- Donated 225 lbs. of produce to We All We Got (WAWG)
- Distributed fresh lists to local chefs, fulfilled orders for chef Coral at Garden Kitchen
- Fulfilled wholesale order for Food Shed
- Walking-trail signs completed and installed. This was a collaboration with: SD Foundation, Chula Vista High School, SDG&E, Lumbercycle, Cal ReLeaf, and Mongol Tribe.
- Organized farm hosts, materials, and check-in information for upcoming sold out workshops
- Completed the Winter Farm School session
- Hosted a Mead & Honey workshop

STRUGGLES

TRV Community Garden:

• Communicating with gardeners who are not maintaining their plots.

Wild Willow Farm:

• Cancellation procedures for rainy days is under review and communication documents are being updated.

· SUPPORT ·

- Computer and internet upgrades are needed at the Farm.
- Pasting postage on postcard mailer to agricultural producers about needs assessment.
- Farmer database synchronization for SALC program.
- Prop 84 contract updates with Steve Boehmer City, BCLT.
- Board support to County for Ag Pass program.
- Secure workspace for carbon farming fellow.

UPCOMING EVENTS					
RCD Board Meeting	Wednesday, May 11, 2022 1:00pm	RCD Office			
RFFC Regional Wildfire Resilience Convening	Tuesday, April 26, 2022 11:00am	Virtual, via Zoom			
TRV Cleanup Day (I Love a Clean SD)	Saturday, April 23, 2022 8:00am- noon	TRV Community Garden			
Tree Planting Volunteer Day (One Tree Planted)	Wednesday, April 20, 2022	Wild Willow Farm			
Wild Willow Farm Volunteering	Saturdays weekly 9am-noon	Wild Willow Farm			

RCD STAFF - March 2022				
Ann Baldridge, Executive Director	Heather Marlow, Director of Forestry & Fire			
	Prevention Projects			
Chris Kelley, Financial Director	Gregg Cady, Farm Director			
Sierra Reiss, Education Coordinator	Cheyanne Piacenza, Assistant Farm Manager			
Rachel Lloyd, Accounting Clerk	Joel Kramer, Regional Agricultural Specialist			
Stan Hill, Forestry & Fire Prevention Project	Andy Williamson, Farming & Gardening			
Manager	Coordinator			
Erik Rodriguez, Farmer II	Morgan Graves, Administrative Assistant			
Juliann Tidwell, Farmer	Joannaluz "Joanna" Parra, Farmer			
Kim Hanson, Field Trip & Volunteer Coordinator	Paul Maschka, Regenerative Farming Educator			
Codi Hale- Agricultural Outreach Assistant	Joanne Sauerman, Office Coordinator			

Grants Submitted	Program	Amount \$	Notes / Updates
DOC	RFFC Program	\$2.63M	
Port of San Diego	Environmental Education (watershed)	\$75,000	Three-year bid to renew our watershed education project. Will be determined in May 2022
CAL FIRE- Fire Prevention	Chipping/ DSAP/ Community Projects	\$3.3M	Submitted April 2022
Grants Currently Working On	Program	Amount \$	Notes
NACD Urban Agriculture and Conservation	Community Gardens and Farm	\$50,000	
CARCD	SWEEP- Agriculture	\$1,800	Project extended one month with additional funding.
CARCD – WCB block grant	Pollinator Health	\$250,000	In pre-proposal stage. Five-year grant, will be awarded to CARCD and sub-awarded to RCDs.
Recent Grants Awarded	Program	Amount \$	Notes
CDFA – WETA	Agricultural Program	\$408,000	Irrigation support to farmers and ranchers
CARCD- NRCS Block Grant	Farmer Equity Outreach	\$22,000	
CARCD Monarch Joint Venture Block Grant	Pollinator Health	\$10,000	Participation in a pilot monarch education program
SDG&E	Defensible Space Assistance Program	\$20,000	Awarded January 2022
San Diego River Conservancy	Fuels Reduction/ Fire Prevention	\$8,862	Additional Chipping and DSAP support
San Diego River Conservancy	Native American Conservation Corp	\$364,678	NACC project with State Parks
DOC	Forestry- Fuels reduction/ demonstration projects	\$2.2M	Early Action funding awarded October 2021
CAFSC Fuels Reduction	Chipping, DSAP, Education	\$200,000	Awarded October 2021
SDG&E	DSAP Support	\$10,000	Awarded September 2021
San Diego River Conservancy	Chipping/ DSAP Work	\$3.5M	Awarded May 2021
SDG&E	Fuels reduction/ chipping & DSAP	\$1M	MOU signed June 2021 for \$500K, + Additional \$500K in September 2021!
Grants Denied / Cancelled	Program	Amount \$	Notes
NFWF	Provide TA to farmers, improving pollinator practices while improving soil health.	\$108,655	Denied November 2021

Grants Submitted	Program	Amount \$	Notes / Updates
Grants Currently Working On	Program	Amount \$	Notes
Grants Awarded	Program	Amount \$	Notes
SD Foundation- Hervey Family	Wild Willow Farm	\$18,000	Direct support gift through SD Foundation
USFWS	SDG&E Garden Boxes	\$1,050	Pollinator plant support
SD Foundation- H. House Family Fund	Wild Willow Farm	\$10,000	Direct support gift through SD Foundation
SD Foundation Opening the Outdoors	Wild Willow Farm/ Farm to Families	\$50,000	Partnership with 3 other organizations, Approved July 2021
SDG&E Environmental Champions	Build and distribute garden boxes to South Bay families	\$7,500	Participants will select a veggie or pollinator kit, which will include a garden box with wood from Lumbercycle, soil, and plants.
CARCD COVID Recovery	Wild Willow/ TRV support	\$5,000	Awarded July 2020
Boochcraft	Farm to Families 2021	\$10,000	Funding for Calendar Year 2021
Marguerite Tyrell	Wild Willow Farm Support	\$30,000	Received May 2021
Grants Denied / Cancelled	Program	Amount \$	Notes

Agenda Item 7-1 IT Security upgrades

Discussion / History: Our IT service provider, ITCM, has recommended several upgrades to enhance the security of our server, workstations, email, and overal online environment. They are recommending a 2-phase approach, with the first phase to install Sophos software that includes 24/7 monitoring against threats, and a program to protect breaches through email, including dark web monitoring. Please see attached report from ITCM for more information about their recommendations.

Staff recommends that the Board of Directors solicit an independent CASp inspection to assess whether any additional ADA improvements are required, and if so, at what cost. If a CASp inspection demonstrates that there are no or minimal improvements required to meet the above legal requirements, then it is recommend that the Board of Directors approve the lease and authorize Ann Baldridge to execute the lease.

Financial Impact: The ongoing cost of these security upgrades is about \$500 per month for the security services and a one-time installation fee of about \$1800.

Staff recommendation: This report is for information only. Staff is seeking input and direction from the Board about the value of upgrading our IT security. Staff are already in touch with another IT company and can seek a quote from them if desired.

Findings and Recommendations

March 28, 2022

Version 3.0

OVERVIEW

Updated findings and recommendations are listed below.

VERSION 3 CHANGES

- Updated proposal to include phases in order to prioritize recommendations
- Updated monthly quote for MTR with InterceptX and Sophos Email Advanced

FINDINGS AND RECOMMENDATIONS

PHASE 1 - SECURITY IMPLEMENTATIONS

- 1. Security Recommendations.
 - Multifactor authentication and password policy updates.
 - NextGen AV/Intercept X and Managed Threat Response
 - Managed Threat Response (MTR). A vSOC (virtual Security Operations Center), 24x7 team of security specialist to monitor for attacks and immediate remediation of your environment as needed, closely working with the ITCM team. See Exhibit A for reference.
 - AV/InterceptX. Antivirus and security solution, which shall also be managed by the MTR team for human lead protection in the event of an attack or breach.
 - InterceptX uses AI to intercept threats without the need to constantly update a DB.
 - Since it's based on behaviors rather than signatures, it works better against zero-day attacks and unknown malware.
 - Can be installed on mobile devices and policies can be tweaked for BYOD scenarios.
 - Can protect even if the system is offline.
 - Sophos Email Advanced
 - Works as an extra layer of security making sure that potential spoofed emails, viruses, malware and other threats are stopped, and users are warned.
 - URLs are wrapped around and further checked by Sophos to ensure they are safe. User is warned when URL addresses are potentially unsafe.
 - Uses a sandbox for attachments and can scan multilayered attachments as well.
 - Includes email encryption.
 - o Laptop Encryption. We recommend encryption management via Sophos.
 - Configure Sophos firewall to be connected to client workstations. If a workstation gets compromised, the firewall can isolate the workstation so it is unable to communicate with other computers or have access to the internet.
- 2. Breach Prevention Platform Companywide
 - o Continuous Dark Web Monitoring
 - Real-time updates
 - Breached password data
 - Exposed personal identifiable information
 - Weekly Security Training Bites
 - Simulating Phishing

- Unlimited phishing campaigns
- Auto phish configuration we can set as often as needed
- o Catch Phish (Email Analysis Tool)
 - Outlook plug-in on desktop and mobile applications
 - Catch Phish analyzes links in emails for malicious content, identifies and scores all links on the URL destination page
 - Identifies inconsistencies, including different sender and recipient countries
 - Instant email analysis to train and educate users
 - Send possible phishing email to the helpdesk with the click of a button
- o Personal Dark Web Email Scans
 - Real-time notifications
 - Access to personal dark web monitoring portal
- o Employee Vulnerability Assessment
 - Risk assessment for all employees
 - Insight into employees' security strength
 - Score calculated based on security metrics, and evolves over time

PHASE 2 - SERVER AND NETWORK IMPLEMENTATIONS

- 3. Server, domain and internal security, and backup
 - Server is out of warranty, bough on 03/30/2017 and warranty expired on 03/31/2020.
 - Server is functioning as domain controller and File Server.
 - o Workstation called "Chris-PC" has the QB backup shared to Chris and Sheryl.
 - o QuickBooks share on the server is open to Rachel, Heather, Christina, Chris, Ann and Sheryl.
 - o GIS share on the server is open to "everyone".
 - o Finance share was open to: rlloyd, heather, hpnsupport, chris and administrators. However, we don't seem to have access to it with our admin account, currently.
 - We recommend:
 - Implement a new server as production environment.
 - Migrate servers from current environment to new production environment.
 - Repurpose current server as the backup environment.
 - Potentially, extend warranty through 2023 to get 1 more year of warranty.
 - Reconfigure RAID for redundancy and efficiency.
 - Setup Veeam backup on backup environment.
 - Revisiting users and groups and reconfiguring permissions on server shares.
 - Remove QuickBooks backup share on network.

4. Network.

- o Client has a combination of smart switches and non-managed switches.
- We recommend replacing the non-managed switches: 16 port D-link and 5 port Netgear in the upper building, and 24 port Cisco in the main building. This will allow us to:
 - Have an isolated guest network.
 - Manage a VoIP solution (that would replace current phone system)
 - Separate and isolate the tenant network.

5. Additional recommendations/discussions:

- o Broadband and VoIP
 - We recommend reviewing options on VoIP and broadband for potential savings and additional functionality.
- o Implement Sharepoint and synchronize to file server to make documents available remotely.
- o Wireless services for remote operators, potentially built-in 4G for laptops.
- o Assessment Chula Vista farm.

ESTIMATED TIME & COST

This cost estimate covers the direct labor, materials, sub contracts and equipment for your requirement.

PHASE 1 - ESTIMATED TIME & COST

Description	Low Qty Hours	High Qty Hours	Unit Cost	Estimated Totals
Security recommendations – implement password policy	-	-	\$150	Included
Security recommendations – MTR and InterceptX	2	4	\$150	\$600
Security recommendations – Email Advanced	2	4	\$150	\$600
Security recommendations – Breach Prevention Platform	2	4	\$150	\$600
Estimated Total				

^{*} Times are estimated, we bill for actual time.

PHASE 1 - MONTHLY SERVICES

Sophos Security Suite - \$389.95 / month

- Sophos MTR Advanced Server with InterceptX \$24/month
 - o 1 server
- Sophos MTR Advanced WS with InterceptX \$240/month
 - o 16 users
- Email Advanced \$116/month
 - o 1 non-profit email address
 - o 5 Business Standard
 - o 23 E1 license
- Laptop encryption \$9.95/month
 - o 5 laptops

Breach Prevention Platform - \$90 / month (all users)

- Continuous Dark Web Monitoring
- Weekly Security Training Bites
- Simulating Phishing / Phishing Campaigns
- Catch Phish (Email Analysis Tool)
- Personal Dark Web Email Scans
- Employee Vulnerability Assessment
- Security Risk Assessment
- Policies & Procedures

PHASE 2 - ESTIMATED TIME & COST

Description	Low Qty Hours	High Qty Hours	Unit Cost	Estimated Totals
Implement new server and migrate production environment	12	18	\$150	\$2,700
Implement backup server and server replication	6	8	\$150	\$1,200
Renew server warranty through 2023	-	-	\$150	Included
Revisit users and groups and configure permissions on server	-	-	\$150	Included
Replace switches and implement virtual LANs	1	3	\$150	\$450
Implement Sharepoint and configure to synchronize with file server	6	10	\$150	\$1,500
Estimated Total				

^{*} Times are estimated, we bill for actual time.

PHASE 2 - HARDWARE COSTS

Description	Qty	Unit Cost	Total
Win Serv 2022, Xeon proc, 64GB RAM, 2TB storage	1	\$4,900.00	\$4,900.00
Dell PowerEdge T330 (current server), 1 year warranty	1	\$199.00	\$199.00
Ubiquiti 24 port managed switch	2	\$449.00	\$898.00
Estimated Total			

^{*} Taxes and shipping not included.

BROADBAND AND VOIP

Description	Qty	Unit Cost	Total
Business Communications Starter Plan	11	\$18.95	\$208.45
Direct Inward Dial Number (DID)	11	\$2.50	\$27.50
Yealink T53 (optional)	11	\$7.95	\$87.45
Estimated Total			\$323.40

^{*} Pricing based on 3-year agreement

EXHIBIT A - SOPHOS MANAGED THREAT RESPONSE

SOPHOS

Managed Threat Response (MTR)

Expert-Led Threat Response

Sophos Managed Threat Response (MTR) provides 24/7 threat hunting, detection, and response capabilities delivered by an expert team as a fully-managed service.

Highlights

- Advanced threat hunting, detection, and response capabilities delivered as a fully- managed service
- Collaborate with a 24/7 response team that takes action to remotely contain and neutralize threats
- You decide and control what actions the MTR team takes and how incidents are managed
- Combines top-rated machine learning technology with a highlytrained team of experts
- Two tiers of service (Standard and Advanced) provide a comprehensive set of capabilities for organizations of all maturity levels

Threat Notification Isn't the Solution - It's a Starting Point

Few organizations have the right tools, people, and processes in-house to effectively manage their security program around-the-clock while proactively defending against new and emerging threats. Going beyond simply notifying you of attacks or suspicious behaviors, the Sophos MTR team takes targeted actions on your behalf to neutralize even the most sophisticated and complex threats.

With Sophos MTR, your organization is armed with a 24/7 team of threat hunters and response experts who will:

- Proactively hunt for and validate potential threats and incidents
- . Use all available information to determine the scope and severity of threats
- . Apply the appropriate business context for valid threats
- Initiate actions to remotely disrupt, contain, and neutralize threats
- Provide actional advice for addressing the root cause of recurring incidents

Machine-Accelerated Human Response

Built on our Intercept X Advanced with EDR technology, Sophos MTR fuses machine learning technology and expert analysis for improved threat hunting and detection, deeper investigation of alerts, and targeted actions to eliminate threats with speed and precision. This fusion of Sophos' consistently top-rated endpoint protection and intelligent EDR, with a world-class team of security experts results in what we call "machine-accelerated human response."

Complete Transparency and Control

With Sophos MTR, you own the decisions and control how and when potential incidents are escalated, what response actions (if any) you want us to take, and who should be included in communications. Sophos MTR features three response modes so you can choose the best way for our MTR team to work alongside you during incidents:

Notify: We notify you about the detection and provide detail to help you in prioritization and response.

Collaborate: We work with your internal team or external point(s) of contact to respond to the detection.

Authorize: We handle containment and neutralization actions and will inform you of the action(s) taken.

Managed Threat Response (MTR)

Sophos MTR Service Tiers

Sophos MTR features two service tiers (Standard and Advanced) to provide a comprehensive set of capabilities for organizations of all sizes and maturity levels. Regardless of the service tier selected, organizations can take advantage of any of the three response modes (notify, collaborate, or authorize) to fit their unique needs.

Sophos MTR: Standard

24/7 Lead-Driven Threat Hunting

Confirmed malicious artifacts or activity (strong signals) are automatically blocked or terminated, freeing up threat hunters to conduct lead-driven threat hunts. This type of threat hunt involves the aggregation and investigation of causal and adjacent events (weak signals) to discover new Indicators of Attack (IoA) and Indicators of Compromise (IoC) that previously could not be detected.

Security Health Check

Keep your Sophos Central products--beginning with Intercept X Advanced with EDR--operating at peak performance with proactive examinations of your operating conditions and recommended configuration improvements.

Activity Reporting

Summaries of case activities enable prioritization and communication so your team knows what threats were detected and what response actions were taken within each reporting period.

Adversarial Detections

Most successful attacks rely on the execution of a process that can appear legitimate to monitoring tools. Using proprietary investigation techniques, our team determines the difference between legitimate behavior and the tactics, techniques, and procedures (TTPs) used by attackers.

Sophos MTR: Advanced Includes all Standard features, plus the following:

24/7 Leadless Threat Hunting

Applying data science, threat intelligence, and the intuition of veteran threat hunters, we combine your company profile, high-value assets, and high-risk users to anticipate attacker behavior and identify new Indicators of Attack (IoA).

Enhanced Telemetry

Threat investigations are supplemented with telemetry from other Sophos Central products extending beyond the endpoint to provide a full picture of adversary activities.

Proactive Posture Improvement

Proactively improve your security posture and harden your defenses with prescriptive guidance for addressing configuration and architecture weaknesses that diminish your overall security capabilities.

Dedicated Threat Response Lead

When an incident is confirmed, a dedicated threat response lead is provided to directly collaborate with your onpremises resources (internal team or external partner) until the active threat is neutralized.

Direct Call-In Support

Your team has direct call-in access to our security operations center (SOC). Our MTR Operations Team is available around-the-clock and backed by support teams spanning 26 locations worldwide.

Asset Discovery

From asset information covering OS versions, applications, and vulnerabilities to identifying managed and unmanaged assets, we provide valuable insights during impact assessments, threat hunts, and as part of proactive posture improvement recommendations.

Agenda Item 7-2 Resolution 2022-12: MOU between RCDGSDC and The Regents of the University of California's UC Berkley Campus, on behalf of the GrizzlyCorps program.

Discussion / History: Staff in our Forest Health and Fire Prevention Department are continuing work on our RFFC program, and regional wildfire resiliency priority plan. There is a need for additional support with this program area, and Fellows from UC Berkley GrizzlyCorps, a division of AmeriCorps, are a great fit for this role. We have submitted an application for 2 Fellows to join us, and this application was successful. A resolution approving an MOU between our organizations would allow us to contunue in the interview and placement process, and Fellows would join us in September 2022.

A draft MOU was provided by The Regents of the University of California's UC Berkley Campus, and staff will work with our legal counsel to make any needed edits before signing. Information about the program and the draft MOU are attached.

Financial Impact: Our cost share to participate in this program is \$20,000 per year, per Fellow. We will be paying for this soley through funding from DOC, as part of our RFFC grant.

Staff recommendation: Staff recommends that the Board adopt resolution 2022-12 to authorize the Executive Director to proceed with completing an MOU between our organizations.

Resource Conservation District of Greater San Diego County

11769 Waterhill Road * Lakeside, CA 92040

Phone: 619-562-0096 * Fax: 619-562-4799 * Website: www/rcdsandiego.org

RESOLUTION 2022-12

RESOLUTION OF THE BOARD OF DIRECTORS OF THE RESOURCE CONSERVATION DISTRICT OF GREATER SAN DIEGO COUNTY TO APPROVE MEMORANDUM OF UNDERSTANDING BETWEEN RCDGSDC AND THE REGENTS OF THE UNIVERSITY OF CALIFORNIA'S UC BERKLEY CAMPUS ON BEHALF OF THE GRIZZLYCORPS PROGRAM

WHEREAS, the Resource Conservation District of Greater San Diego County desires to grow its planning and programming in the area of forest health and regional wildfire resilience and;

WHEREAS, The Regents of the University of California, UC Berkley Campus on behalf of the GrizzlyCorps program, a division of AmeriCorps, has chosen the RCDGSDC as a 2022-2023 host site partner, and;

WHEREAS, GrizzlyCorps Fellows will assist staff in accomplishing planning and outreach activities for forest health and wildfire resilience.

NOW, THEREFORE, BE IT RESOLVED that the RCDGSDC Board of Directors appoints Ann Baldridge, as agent of the RCDGSDC Board of Directors to execute and submit all documents including, but not limited to the MOU, which may be necessary for the completion of the aforementioned program and MOU.

PASSED AN	ND ADOPTED at th	e RCD regular meeti	ng held on April 13, 2022	2 by the following vote:	
Ayes:	Nays:	Abstain:	Absent:	Attest:	
Don Butz, President			Heather Marlow Board Clerk		

INVITATION TO HOST A GRIZZLYCORPS FELLOW

GrizzlyCorps is an AmeriCorps Program launched in 2020 in partnership with UC Berkeley's Project Climate at the Center for Law, Energy & the Environment (CLEE).

O WHO AND HOW WE SERVE

GrizzlyCorps sends recent college graduates into rural communities across California to promote regenerative agri-food systems and fire and forest resilience. We aim to expand capacity for organizations working on community resilience and climate action while bolstering the next generation of professionals at the forefront of climate change solutions

REGENERATIVE AGRI-FOOD SYSTEMS

Regenerating soil and restoring healthy food systems for people and planet

Projects: regenerative agriculture, improved irrigation systems, land access and financial support for farmers, competitive market access, farmland restoration, food system infrastructure, food justice and sovereignty

FIRE & FOREST RESILIENCE

Improving ecosystem health and building wildfire resilience to support forest communities

Projects: ecological forestry, wildfire preparedness & resilience plans, indigenous land management, prescribed burns, groundwater improvement, reforestation

CLIMATE ACTION

Improve Soil Health & Water Retention $\, \cdot \,$ Protect Ecosystem Biodiversity $\, \cdot \,$ Decrease Emissions & Sequester Carbon

COMMUNITY RESILIENCE

Education · Research & Planning · Implementation

CAPACITY BUILDING

Outreach & Engagement · Regenerative

Systems & Practices · Disaster Preparedness

PROFESSIONAL DEVELOPMENT & CAREER BUILDING

Hands-On Fieldwork & Service • Educational Resources & Tailored Trainings • Exposure to Specialized Career Members

Climate change poses significant threats to communities across the state of California and to our economic and resource stability. At the same time, farm and forest communities have the potential to provide unique solutions by incorporating regenerative agriculture practices and ecological forestry, which can help sequester carbon and build resilience. GrizzlyCorps addresses regional barriers to community resilience by providing placements for over 30 AmeriCorps members to provide capacity-building support in our focus areas: regenerative agri-food systems, and fire and resilience.

FOR MORE INFO AND ACCESS TO THE ONLINE APPLICATION PLEASE VISIT GRIZZLYCORPS.ORG

GrizzlyCorps members follow the same 4-stage intervention process with support of their host organization:

- **Gap Assessment** where members identify capacity building goals
- · Research, planning, and implementation projects to address these goals
- Volunteer recruitment activities to engage the community in efforts
- Transitioning of knowledge to community members

BENEFITS

- Partner placements receive dedicated project support from enthusiastic emerging professionals who receive professional development and sector training
- Direct support for specific resiliency projects
- Increased capacity for sustainable and resilient communities
- A pipeline for future resiliency projects
- Stronger State-local partnerships for information and expertise exchange
- · AmeriCorps members with training in climate change, regenerative agriculture, fire management, and forest resilience
- Increased outreach and volunteerism at the local level

RESPONSIBILITES

- Provide meaningful supervision and well thought out projects for volunteers to work on
- · Provide physical space to work (please reach out to us about any Covid-related concerns about this requirement)
- Complete paperwork required by AmeriCorps
- Hosts are NOT responsible for providing housing or food (volunteers get a roughly \$1,800/month stipend) but assistance with finding housing is appreciated
- A contribution/match toward the costs of the GrizzlyCorps program (which include the volunteers stipend, medical insurance, workers compensation, recruitment, training, and administrative costs).
- Amount of contribution requested is \$20,000
 - Please see our funding factsheet for details!

2022-2023 GrizzlyCorp Program starts (dates TBD)

Resource Conservation District of Greater San Diego County Memorandum of Understanding

This Service Site Agreement ("MOU") between The Regents of the University of California's UC Berkeley campus, on behalf of its GrizzlyCorps program ("GrizzlyCorps") and Resource Conservation District of Greater San Diego County ("Project Partner") outlines GrizzlyCorps and Project Partner responsibilities for Service Year 2022-2023.

GrizzlyCorps is based out of the University of California, Berkeley School of Law's Center for Law, Energy & the Environment (CLEE) in partnership with the State of California through CaliforniaVolunteers. GrizzlyCorps is dedicated to helping rural communities in California plan for and implement two of the most promising solutions to the climate crisis: regenerative agriculture and forest resilience. All members of GrizzlyCorps ("Members") are AmeriCorps members. As an AmeriCorps program, GrizzlyCorps is in accordance with the requirements put forth by CaliforniaVolunteers ("CV") and the Corporation for National and Community Service ("CNCS").

Ann Baldridge
Executive Director
Resource Conservation District of Greater San Diego County
ann.baldridge@rcdsandiego.org
11769 Waterhill Road, Lakeside, CA 92040

ARTICLE I – GENERAL TERMS

- 1. The term of this MOU shall be for one complete service year by two GrizzlyCorps Members beginning September 1, 2022 and ending July 28, 2023. This MOU may be revised as necessary by mutual consent of both parties, by the issuance of a written amendment, signed and dated by both parties. No alteration or variation of the terms of this MOU shall be valid unless made in writing and signed by the parties hereto.
- 2. Either party may terminate this MOU, with sixty days (60 days) prior written notice to the other party.
- 3. Members shall not displace an existing Project Partner employee or position, including partial displacement such as reduction in hours, wages or employment benefits, as a result of a Member serving with the assigned Project Partner.
- 4. Any photograph, audio recording, video or film taken by GrizzlyCorps or the Member in conjunction with the Member's service for Project Partner may be used by GrizzlyCorps or CV for promotional, training, or any other purposes without the Project Partner's express written permission. The Project Partner reserves the right to prevent the GrizzlyCorps Member from taking photographs, audio recording, video, or film on or in Project Partner's property at Project Partner's sole discretion.
- 5. GrizzlyCorps reserves the right to visit Project Partner to evaluate Member progress. Any such visits will be made in the least disruptive manner possible with advance notice.

ARTICLE II - GrizzlyCorps RESPONSIBILITIES

- 1. GrizzlyCorps will provide a living allowance of up to \$22,000 to Members (and up to \$24,000 for second year Members) and will also administer medical benefits to Members and handle any workers' compensation claims.
- 2. GrizzlyCorps will provide regular professional development training to Members, including but not limited to, a multi-day orientation at the start of Members' service and monthly webinar sessions.
- 3. GrizzlyCorps will host a 3-part Orientation for all Project Partners, as well as provide continued support to Project Partners with Member management throughout the 11-month service term

ARTICLE III – PROJECT PARTNER RESPONSIBILITIES

Management Responsibilities

- 1. The Project Partner agrees that Project Partner's cost-share match will be utilized for overall GrizzlyCorps program support and is not associated with any specific Member. Expenses covered by Project Partner's match include, but are not limited to: Member recruitment, training, health care benefits, workers' compensation, transportation, stipend, and service uniforms, and GrizzlyCorps program administrative costs.
- 2. The Project Partner will pay their cost-share match of \$40,000 to GrizzlyCorps on the following schedule: 25% due by September 31, 2022. Invoice will be provided in advance. Remaining balance due quarterly upon invoice. Prepayment is always welcome. If you need to provide

- special billing instructions please contact Eliza Munger.
- 3. The Project Partner agrees to provide adequate resources to support Member activities, including office space, desk and chair, use of a computer and internet service, an e-mail address, telephone, and any other necessary supplies such as, paper, postage, copier, etc.

Member Orientation, Training, and Supervision

Project Partner agrees to provide a Site Supervisor, who is responsible for the daily, direct supervision of the Member, and who shall comply with the following:

- 1. Participate in the Member selection process, which includes participating in interviews with potential Members via either video call or telephone.
- 2. Provide a safe and healthy work environment.
- 3. Participate in and/or watch recordings of all GrizzlyCorps Project Partner Orientations.
- 4. Provide and document completion of AmeriCorps-required Site Orientation with Member (which includes a safety training). Submit signed Site Orientation Checklist to the GrizzlyCorps office by October 4, 2022.
- 5. Work with Members to complete the GrizzlyCorps Member/Site Supervisor Agreement. Submit original signed Agreement to the GrizzlyCorps office by October 4, 2022.
- 6. Ensure Members are making adequate progress toward GrizzlyCorps community service, community building, and Member development objectives.
- 7. Conduct weekly check-ins with Members to discuss project progress, clarify project expectations, and receive project guidance as necessary. These meetings should also provide a time and space for Fellows and Site Supervisors to give feedback and express unmet needs.
- 8. Allow Members to utilize time during the service week to attend required GrizzlyCorps/AmeriCorps/CV meetings and trainings (a schedule of required meetings and trainings will be provided at the beginning of the service year).
- 9. Evaluate Member service progress at the beginning, middle and end of the year. Document these evaluations and forward to the GrizzlyCorps office by the dates requested.
- 10. Ensure that any Member disciplinary issues are resolved in accordance with the GrizzlyCorps Disciplinary Policy.
- 11. Complete any reports and surveys required by GrizzlyCorps and/or AmeriCorps.
- 12. Ensure that GrizzlyCorps Members will not engage or participate in any of the following in their official capacity as an AmeriCorps Member while under direction of Project Partner:
 - Attempting to influence legislation;
 - Organizing or engaging in protests, petitions, boycotts, or strikes;
 - Assisting, promoting, or deterring union organizing;
 - Impairing existing contracts for services or collective bargaining agreements;
 - Engaging in partial political activities, or other activities designed to influence the outcome of an election to any public office;
 - Participating in, or endorsing, events or activities that are likely to include advocacy for or against political parties, political platforms, political candidates, proposed legislation, or elected officials;
 - Engaging in religious instruction, conducting worship services, providing instruction as part of a program that includes mandatory religious instruction or worship, constructing or

operating facilities devoted to religious instruction or worship, maintaining facilities primarily or inherently devoted to religious instruction or worship, or engaging in any form of religious proselytization;

- Providing a direct benefit to
 - i. A business organized for profit;
 - ii. A labor union;
 - iii. A partisan political organization;
 - iv. A nonprofit organization that fails to comply with the restrictions contained in section 501(c)(3) of the Internal Revenue Code of 1986 related to engaging in political activities or substantial amount of lobbying except that nothing in these 9 provisions shall be construed to prevent participants from engaging in advocacy activities undertaken at their own initiative; and
 - v. An organization engaged in the religious activities described in paragraph (g) above, unless AmeriCorps assistance is not used to support those religious activities;
- Conducting a voter registration drive or using AmeriCorps funds to conduct a voter registration drive;
- Fundraising activities;
- Providing abortion services or referrals for receipt of such services; and
- Such other activities as AmeriCorps may prohibit.

Liability and Indemnification

This MOU is not legally bindin	g and imposes no enforcea	ble obligations on the Parties.

Agenda Item 7-3 Resolution 2022-13: Contract with Condor Media

Discussion / History: As a part of our Native American Conservation Corps (NACC) project, Condor Media has been commissioned by our partner State Parks to make a documentary about the program. Funding for the program and this contract will be paid for through the RCD's grant from the San Diego River Conservancy. Condor Media provided a proposal and draft agreement, staff will work with our legal counsel to make any needed edits before signing.

Financial Impact: None. The cost of this service is \$5,000.00, and is funded soley through San Diego River Conservancy NACC program grant.

Staff recommendation: Staff recommends that the Board approve resolution 2022-13, to authorize the Executive Director to proceed with signing the contract for proposed services.

EXHIBIT A Project Description, Estimate & Schedule

Project Title: Native American Conservation Crew- Cuyamac

Description: A 15-minute documentary about the Native American Conservation Crew. Documentary will feature footage of NACC in action, interviews of NACC members and organizing partners.

Post-production includes editing, music license and stock footage/ pictures

Estimate: \$5000/ subject to change

Pre-Production includes Planning and Travel

Production includes Set up and break down of equipment, interviews with partners and fire crew.

Post-production includes editing: music, color correction, lower third graphics, etc.

**Coordinator is responsible for organizing production dates and times, interviews with partners and fire crew, script development, interview question development.

Timeline June 2022

PRODUCTION AGREEMENT / SCOPE OF WORK AGREEMENT

This Agreement ("AGREEMENT") is entered into as of <u>3/7/2022</u>, by and between <u>Condor Visual Media LLC</u> ("PRODUCER"), Resource Conservation District of Greater San Diego ("CLIENT") and California State Parks, Colorado Desert District ("Coordinator"). Client, Coordinator and Producer may also hereinafter be referred to as "Party" or the "Parties", as applicable. The project shall be referred to as Native American Conservation Crew.

WHEREAS, Producer confirms it has the know-how and professional expertise to film and edit the video ("Video"); and

WHEREAS, Client agrees to pay for the services to be performed by Producer; and

WHEREAS, the parties desire to enter into a business relationship to be governed by the terms and conditions set forth herein;

NOW THEREFORE, in consideration of the mutual promises set forth herein, the sufficiency of which is hereby acknowledged, the parties agree as follows:

- SUBJECT OF THE AGREEMENT. Coordinator has provided Producer with instructions for a video(s) ("Video") to be digitally recorded and edited by the Producer. The Parties have agreed that Producer will record and edit the Video. The "Video" includes deliverables which are listed in Exhibit A. This is a material condition for the Client to enter into this Agreement.
- 2. SCHEDULE AND SERVICES TO BE PROVIDED BY PRODUCER. Producer will record the Videos as scheduled with Coordinator. Client is entitled to 2 revisions in accordance with the Post-Production Schedule determined by Producer. Any delay in delivery of revisionary notes will delay Final Delivery. Producer will deliver the final version of the Videos via digital download. If Client or Coordinator changes the final delivery date for any reason, additional costs will be incurred that are to be determined by Producer. Final Videos supplied by Producer are strictly the final exports of the video. The Producer grants Client and Coordinator Global usage rights with no limitations for perpetuity as it related to the final videos supplied. Final Videos do not include all original project raw footage, project files, project assets, software, hardware, etc. as those are proprietary property that belong to Producer.

- <u>FEES AND PAYMENT TERMS</u>. The estimate is based on the instructions provided by Client to Producer. The estimate includes, but is not limited to, expenses for the following items: all production and post-production costs, equipment, contractors, transportation, location, as well as usage as defined in Article 4 below.
- 3.1 In accepting the proposal and estimate, and in consideration of Producer's services in connection with the Video, Client is hereby agreeing to make a 50% deposit to Producer upon receipt of the respective first invoice and according to the terms therein. The remaining 50% is due upon receipt of the 2nd invoice and delivery of final videos by Producer. Estimate for cost of services can be found in Exhibit A. Ownership of the Final Videos does not transfer until full payment is made to Producer.
- 3.2 Notwithstanding the foregoing, Producer will be paid for any additional production expenses incurred, including but not limited to costs relating to insurance, equipment, contractors, transportation, location etc. if Client delays the production. If Client chooses to defer paying any amount beyond the date on which it is due, Client may be charged \$30 USD per day.
- 3.3 If Client cancels the production of the Video according to Article 8 below, Client shall pay to Producer any costs reasonably incurred by Producer prior to the cancellation of the Video within five (5) days after invoice, provided Producer provides Client proof of such costs (e.g. invoices, etc.). In addition, a non-refundable cancellation fee of 10% of the total agreed upon project budget reflected in this agreement is to be paid to the Producer immediately upon official cancellation of the project. notice cancellation/postponement is given more than halfway through the production schedule of the job, that is between the award or start date and the final delivery date, whichever comes first, the Client will be liable to the Producer for the full cost of the job as a bid. If the job is canceled or postponed within the guideline time frame, it is unlikely that this time can be re-booked. It should be understood that this time represents the Production Company's only source of income.
- 3.4 If at any time, Client desires to make any changes or variations from the script(s) or storyboard(s) in the Specified Media(s) or from any material or work in progress, and such changes result in additional costs to Producer, Producer agrees to notify the Client of the amount before any such additional costs are incurred and Producer shall proceed only after receiving approval (written or oral) from Authorized Representative, approval by Client shall be binding and incorporated into the terms of this Agreement. Reimbursement for such additional costs shall be payable in accordance with the terms of this Agreement for final payment.

3.5 Any additional costs incurred by the Producer due to adverse weather conditions or other similarly unforeseen and uncontrollable factors, shall be paid by Client, provided that (i) both Parties agreed to postpone the edit and (ii) the Producer provided proof of any such additional costs incurred (e.g. invoices, etc.).

3.6 Contingency and Weather Days:

- a. A contingency day is any day where a schedules media/film shooting has been prevented from occurring due to circumstances beyond the control of the production company.
- b. These circumstances may include but should not be limited to:
 - 1. Weather conditions (rain, fog, sleet, hail, or any adverse condition that is not consistent with the prescribed shooting conditions desired by Client).
 - 2. Injury, illness, or absence of client-supplied elements (e.g. key talent, color correct products etc).
 - "Force majeure" (meaning but not limited to, earthquake, riot, fire, flood, volcanic eruption, acts of war, strikes, labor unrests, civil authority, terrorism, and acts of God.) This also includes shutdowns and delays resulting from pandemics.
 - 4. "Client Insured Re-Shoot" (any additional days for a job insured by the Client, who is therefore authorizing the expenditure). The Client should be provided with a contingency day cost which should be approved prior to proceeding with that shoot day.
- c. The Production Company recognizes its obligation to minimize contingency day liabilities and will apply accepted industry cancellation practices.
- d. The Production Company will quote the maximum exposure figure (a "not to exceed" figure) as a contingency day cost. This will be a cost per day figure. However, this figure does not include the cost of premiums for crew or suppliers (i.e., should the contingency day fall on weekends, holidays, or premium days based on consecutive employment).
- 4. <u>INTELLECTUAL PROPERTY RIGHTS.</u> Client and Coordinator shall own the final Video(s). Production shall ensure all proper likeness rights are obtained from anyone in the Video. Producer retains the right to use the Video for promotional purposes. Except as otherwise provided herein, Client and Coordinator owns all rights, title and interest in and to the Video(s) which are the subject of this Agreement, including all copyrights therein. Client grants Producer an exclusive, worldwide, sublicensable, transferable, royalty free license to all media clips produced during the course of the contracted work as it relates to Producer's promotional use.

- 4.1 <u>CREDIT ATTRIBUTION.</u> Producer may include their logo in the video end credits. Client shall give proper text credit to the Producer for all publications of related work from the project.
- 5. **INDEPENDENT CONTRACTOR.** It is understood that Producer's status under this Agreement is that of an independent contractor and that all persons engaged by Producer in performing its obligations shall not be deemed employees of Client.
- 6. <u>LIABILITY</u>. Producer shall ensure that Video and all footage produced by Producer complies with the laws of California and does not infringe any intellectual property rights (including copyright) or any other rights of third parties.
- 7. **CONFIDENTIALITY.** Producer understands that some information for said media(s) may be of a confidential and/or sensitive nature. Producer agrees, at Client's written request, to require, within reason, those engaged for the production to sign appropriate agreements not to discuss or disclose information about the product or the Specified Media(s) except as such disclosure may be necessary for Producer to produce media(s) in the usual and customary manner under this Agreement.
- 8. TERMINATION OF AGREEMENT. This Agreement shall be effective from the date first listed above through project completion and approval of all deliverables, unless sooner terminated by either party in accordance with the terms and conditions of this Agreement ("Term"). This Agreement is terminable by either party at any time, with or without cause, effective upon notice to the other party. If Producer exercises its right to terminate the Agreement, any obligation it may otherwise have under this Agreement shall cease immediately, except that Producer shall be obligated to compensate Client for work performed up to the time of termination. If Client exercises its right to terminate the Agreement, a non-refundable cancellation fee of 10% of the total agreed upon project budget reflected in this agreement is to be paid to the Producer immediately upon official cancellation of the project. This cancellation fee will be in addition to any production expenses incurred up until the agreed upon cancellation including but not limited to last minute crew and associated labor and vendor cancellation fees etc. After the cancellation fee and incurred production expenses are paid to Producer in full, any obligation Client may otherwise have under this Agreement shall cease immediately.
- 9. **CONTINUING OBLIGATIONS OF CLIENT.** All provisions of this Agreement relating to the protection of Producer's Confidential Information, Non-Solicitation and Non-

Competition, Limitation of Liability, Indemnification, and Dispute resolution, shall survive expiration or termination of this Agreement for any reason.

10. **INSURANCE**. Producer agrees that at all times during the filming of the Video it will maintain at least \$1 Million dollars in general liability insurance.

11. ADDITIONAL PROVISIONS.

- 11.1 ARBITRATION. Any dispute arising out of or relating to this Agreement, or any breach thereof, shall be resolved by binding arbitration in San Diego, CA in accordance with the Arbitration Rules of the American Arbitration Association then in effect, and judgment on the award rendered by the arbitrator(s) may be entered in any court of competent jurisdiction. All costs and expenses, including attorney's fees, relating to the resolution of any such dispute shall be borne by the party incurring such costs and expenses. Notwithstanding their promise to arbitrate all disputes, the Parties acknowledge that either of them may seek emergency or temporary injunctive relief, but absolutely no other relief, in any court of competent jurisdiction. All other disputes, claims and remedies shall be settled by arbitration.
- 11.2 <u>INDEMNITY</u>. CLIENT AGREES TO DEFEND, INDEMNIFY, AND HOLD PRODUCER, AND ITS OFFICERS, EMPLOYEES, AGENTS, REPRESENTATIVES, SUCCESSORS, AND ASSIGNS, HARMLESS FROM ANY AND ALL LOSSES, CLAIMS, LIABILITIES, COSTS, JUDGMENTS AND EXPENSES (INCLUDING BUT NOT LIMITED TO REASONABLE ATTORNEY'S FEES), WHETHER IN TORT, CONTRACT, OR OTHERWISE, ARISING OUT OF THE PERFORMANCE OF CLIENT'S WORK, WHETHER CAUSED BY PRODUCER'S ALLEGED OR ACTUAL NEGLIGENCE OR OTHERWISE.
- LIMITATION OF LIABILITY. In no event shall Producer be liable to client for any indirect, incidental, consequential or punitive damages, or for loss of profits, revenue or data, whether in an action in contract, tort, strict liability, or otherwise, even if Client advises Producer of the possibility of those damages. Producer's liability on any claim for any loss or damage arising out of or in connection with or resulting from this shall in no case exceed the value of the services provided by Client under this Agreement, as defined above. Producer shall not be liable for any penalties of any kind. Any action against Producer for any alleged breach under this Agreement must be filed within one (1) year after such action accrues and all rights of Client to initiate any action arising from this Agreement will terminate one (1) year after accrual.

- 11.4 **CLIENT'S REMEDY**. Client's remedy, if any, for any breach of this Agreement shall be solely in damages and Client shall look solely to Producer for recovery of such damages. Client waives and relinquishes any right Client may otherwise have to obtain injunctive or equitable relief. Client shall have no remedy for any loss, which may incur by reason of work performed by Client.
- 11.5 **INTERPRETATION**. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law.
- of, the successors, executors, heirs, representatives, administrators and permitted assigns of the parties hereto. Client shall have no right to (a) assign this Agreement, by operation of law or otherwise; or (b) subcontract or otherwise delegate the performance of the Services without Producer's prior written consent which may be withheld as Producer determines in its sole discretion. Any such purported assignment shall be void.
- 11.7 **NO WAIVER.** Failure of any party to this Agreement to exercise any rights shall not constitute a waiver of those rights.
- 11.8 **ENFORCEABILITY.** If one or more of the provisions of this Agreement shall be held unenforceable, it shall not affect the enforceability of the other provisions.
- 11.9 **SERVIBILITIY.** If any provision of this Agreement shall be found invalid or unenforceable, the remainder of this Agreement shall be interpreted so as best to reasonably affect the intent of the parties.
- 11.10 **ENTIRE AGREEMENT.** This Agreement constitutes the entire understanding and agreement of the parties with respect to its subject matter and supersedes all prior and contemporaneous agreements or understandings, inducements or conditions, express or implied, written or oral, between the parties.
- 11.11 **AGENCY.** Client is not Producer's agent or representative and has no authority to bind or commit Producer to any agreements or other obligations.
- 11.12 **AMENDMENT AND WAIVERS.** Any term or provision of this Agreement may be amended, and the observance of any term of this Agreement may be waived, only by a writing signed by the party to be bound.

- 11.13 **PROFESSIONAL RESPONSIBILITY**. Nothing in this Agreement shall be construed to interfere with or otherwise affect the rendering of your services in accordance with your independent and professional judgment. You shall perform your services substantially in accordance with generally accepted practices and principles of your trade.
- 11.14 **NOTICES.** Any notice, demand, or request with respect to this Agreement shall be in writing and shall be effective only if it is delivered by personal service, by air courier with receipt of delivery, or mailed, certified mail, return receipt requested, postage prepaid, to the address set forth below. Such communications shall be effective when they are received by the addressee; but if sent by certified mail in the manner set forth above, they shall be effective five (5) days after being deposited in the mail. Any party may change its address for such communications by giving notice to the other party in conformity with this section.

AB 1902 (Aquiar-Curry Q&A)

Why is CARCD proposing this bill?

CARCD has been engaged in an effort to update Division 9 for over five years as part of our long-term strategy for baseline funding and capacity funding. The proposed changes in AB 1902 have been driven by conversations with RCDs and we have engaged partners like DOC, CSDA, and CALAFCO.

The last meaningful update to Division 9 took place over 30 years ago and revisions to the scope of our work haven't been made since the 1970s. RCDs have evolved quite a bit since that time and are pushing the envelope on activities RCDs are undertaking regarding their statutory authority. While small changes have been made over the years, no major revisions have been made and the code is antiquated in how it refers to our work siloing us mostly as working on soil erosion and water delivery. This has been called out by the LAFCO in San Diego and was a main reason why the LAFCO paused their Municipal Service Review of the San Diego County based RCDs.

More important than responding to LAFCOs, this has also been called out by legislators and legislative staff. RCDs are often passed up by legislators or questioned as to whether we are the right entity to be included in legislation after legislators read our outdated code. We are missing out on opportunities. The proposed updates in AB 1902 clearly spell out the role of RCDs in achieving the state's conservation goals and responding to the natural resource challenges facing California, principally addressing climate, habitat, drought and other critical challenges.

Where is the bill in the process?

The bill is just starting out and is scheduled to be heard in the Assembly Local Government Committee, which is chaired by Assemblymember Aguiar-Curry, the author of the bill. Should the bill pass the Local Government Committee, the bill would then likely be heard in Assembly Appropriations Committee sometime in May and then on the Assembly Floor at the end of May.

From there the bill would head to the Senate where it would be heard in the Senate Governance & Finance Committee sometime in June, Senate Appropriations Committee in early to mid-August and then on the Senate Floor in the latter half of August.

This is the first step in a long process.

Is this hearing the only opportunity for my RCD to weigh in?

No! As noted above, AB 1902 is at the first step of the legislative process. There is time to continue working on the language and vet new amendments to the language in print or other sections of Division 9.

Further, positions by individual RCDs can be taken later in the process if more time is needed for board input.

It is very common and expected in the legislative process for language amendments to happen throughout the process.

How does the bill change Department of Conservation's authorities?

Sections 1 & 2 of the bill:

Current state requires the department to undertake several activities including: providing soil conservation advisory services to local governments, RCDs, landowners, farmers and ranchers

Be a state level liaison to RCDs

Review CEQA documents

AB 1902 would change this from a mandate on DOC to a permission, but more importantly provides new authorities to DOC to provide a range of assistance to RCDs, such as financial, technical, organization and capacity.

Further, the bill updates the role of DOC in providing advice and coordination on activities of conservation importance across the state.

Sections 3 & 4 of the bill

AB 1902 would explicitly authorize DOC to provide advance payments to RCDs and create a new mechanism to provide grants or local assistance to RCDs so that PRC 9084 is no longer the only pathway in statute for DOC to provide grants to RCDs.

In addition, the bill authorizes DOC to enter into interagency agreements with RCDs. We are working on amendments to explicitly authorize RCDs to enter into interagency agreements with any department/agency of the state. While this power currently exists, the language is outdated and refers to contracting. Some agencies have interpreted the language to mean that RCDs have to follow State contracting rules not that we are elgible to contract with the State. It is important that we clarify this.

It also authorizes DOC to provide a broad suite of support to RCDs. Currently this isn't authorized. DOC can provide funding, but isn't specifically authorized to provide technical support. Each administration has interpreted that differently. Without the authorization, some administrations have provided the support such as strategic planning, answering RCD questions on a broad range of topics including RCD authority, providing trainings on board function etc. Others have said that it would open them up to a lawsuit if these services are not specifically authorized. This bill authorizes those services.

Does the bill create an unfunded mandate on RCDs?

No! The changes proposed to PRC 9413 (Section 9 of the bill) do not create an unfunded mandate as the language is still permissive as to RCDs creating long-range and annual work plans as well as annual reports. The language does not require RCDs to create those documents. The

amendments do require those plans and reports to meet certain requirements should an RCD create them.

What other changes are proposed to Division 9?

There are several changes proposed, the following breaks down the changes section by section.

Section 5 of the Bill

AB 1902 proposes to delete PRC 9084, the current grant program DOC can use to provide funds to RCDs. We have heard loud and clear that 9084 is problematic due to the local match requirement in (b)(3). This section requires that any RCD receiving a grant from DOC has a 25% local match requirement- even for capacity building funds to underfunded RCDs. The 25% match was codified when the original watershed coordinator program was created in the 1990s in a compromise to assure previous DOC administrations that only well-funded, high-capacity RCDs would and only applies to the program. This holds smaller RCDs back. It only applies to DOC. After consultation with DOC, we have learned that DOC is providing Prop 68 grants through PRC 9084, so we will be bringing this section back but deleting the local match requirement.

Section 6 of the Bill

PRC 9151 states that RCDs may be formed for the control of runoff, the prevention or control of soil erosion, the development and distribution of water, and the improvement of land capabilities. This language was last updated in 1975 and does not reflect all the important work RCDs are doing on the ground.

Our understanding is that many RCD activities can be covered under "improvement of land capabilities" a broad and vague statement. New activities may not be covered by even this language, such as home-hardening for wildfire resilience. Equally important, the updates and additional language stake a claim as to the role of RCDs and put in statute that RCDs are the on the ground leaders the state should turn to for this work.

Section 7 of the Bill

Aligns the purposes of what lands may be included in a district to the new language in 9151.

Section 8 of the Bill

Simplifies the statute to say that lands in a district do not need to be contiguous.

Section 9 of the Bill

See the answer to question 5.

Section 10 of the Bill

Clarifying language for adding lands to a district

Funding ask

We are submitting a \$10m ask for funding in association with this bill. The \$10m would be similar to the \$2.5 of capacity funding secured about 5 years back. Those grants were evenly distributed

amongst all the RCDs that applied in roughly the amount of \$55,000 and \$10,000 for districts not in compliance with tier 1 of the vision and standards. RCDs used the grants for a multitude of purposes including developing business plans for fee for service programs, strategic plans, paying fees for consolidations, paying legal fees for acquiring a conservation easement, purchasing equipment, training and outreach plans to community members. The funding would be rolled out through DOC in a grant program open to all RCDs.

Was this reviewed by RCDs?

Yes, for nearly 5 years, CARCD has been working with RCDs to craft this language after hearing from multiple members that changes were needed. This started as an ongoing conversation among multiple people at board meetings, regional meetings, and in smaller conversations. Once CARCD realized that change was important, they brought together a group of people to go through Division 9 line by line and make suggestions. 15 people were asked to serve on the committee to represent a broad diversity of districts including urban and rural, member and non-member, large and small, tax base and no tax base, and regional diversity. A broad call was then made to ask anyone else interested to join the group. 2 more members came forward. The group met monthly for about a year with the participation of the CARCD board. These are the suggestions that were made and deemed politically feasible.

Once the legislation was drafted, it was again sent out to the larger listserves, discussed at regional meetings, discussed at CARCD board meetings, and individual people that had not engaged were sought out to provide feedback. Was this exhaustive? No, every single person associated with an RCD was not asked their specific opinion. In order to create a product, we needed the ability to work in a small group that was interested in reading code. However, everyone was made aware and participation was available to anyone that wanted to participate and still is. The draft was circulated in multiple venues at multiple times to provide for input and feedback. If districts or any individual wants to provide comments, suggest revisions, or engage in any topic, they are more then able too. Please engage and let us know.

Pros

- Clarifies and codifies the great work RCDs do outside soil erosion and water delivery
- Removes the 25% match required for grants to RCDs in DOC code
- Authorizes advanced payments of 10% on DOC grants to RCDs
- Clarifies that RCDs can contract with state agencies- the language is currently outdated
- Is packaged with a \$10m ask for capacity funds through Department of Conservation
- Facilitates RCDs being written into bills as service providers in funding for things like climate, forestry and restoration
- Authorizes DOC to provide technical support to RCDs
- Changes current DOC mandates of RCD oversight into a permission rather than a mandate
- Allows LAFCOs to complete their municipal service reviews of RCDs on the great work we are doing which some LAFCOs currently feel is limited by the code

Cons

- Opens Division 9 which means that people in opposition or competition to the RCD mission could try to make edits to the code
- Unintended consequences of legislation are always a possibility

- (a) The Legislature hereby declares that resource conservation is of fundamental importance to the prosperity and welfare of the people of this state. The Legislature believes that the state must assume leadership in formulating and putting into effect a statewide program of soil and water conservation and related natural resource conservation and hereby declares that this division is enacted to accomplish the following purposes:
- (a) The Legislature hereby declares that:
- (1) Resource conservation, enhancement, restoration, adaptation and resilience is of fundamental importance to the prosperity and welfare of the people of this state. The Legislature believes that the state must assume leadership in formulating and putting into effect a statewide program of soil and water, and biodiversity conservation, enhancement, restoration, adaptation and resilience and related natural resource conservation.
- (2) The climate crisis is happening now, impacting California in unprecedented ways including intensifying wildfires, mud slides, floods and drought, sea level rise and extreme heat, that threaten our economy, communities, public safety, and cultural and natural resources.
- (3) Resource conservation districts are important partners to the state in achieving the state's ever evolving goals to protect, conserve, restore, and enhance natural resources and to mitigate and adapt to the impacts of climate change.
- (4) This division is enacted to accomplish the following purposes:
 (1)(A) To provide the means by which the state may cooperate with the United States and with resource conservation districts organized pursuant to this division in securing the adoption in this state of conservation, enhancement, restoration, adaptation and resilience practices, including, but not limited to, farm, range, open space, urban development, wildlife, recreation, watershed, water quality, and woodland, best adapted to save the basic resources, soil, water, and air of the state from unreasonable and economically preventable waste and destruction.
 (2)(B) To provide for the organization and operation of resource conservation
- districts for the purposes of protection, conservation, restoration, or enhancement of natural resources, or to improve or enhance adaptation or resilience to climate change, or mitigate or sequester carbon emissions on natural lands and working lands, soil and water conservation, the control of runoff, the prevention and control of soil erosion, and erosion stabilization, including, but not limited to, these purposes in open areas, agricultural areas, urban development, wildlife areas, recreational developments, watershed management, the protection of water quality and water reclamation, the development of storage and distribution of water, and the treatment of each acre of land according to its needs.
- (b)(4) The districts, in addition to any other authority provided by law, may do all of the following:

(1)(A) Ensure consistency with the authorities and policies of the United States, this state, counties, cities, public districts, other resource conservation districts, persons, associations, and corporations.

(2)(B) With the consent of the owner, construct on privately or publicly owned lands any necessary works for the protection, conservation, restoration, or enhancement of natural resources, or to improve or enhance adaptation or resilience to climate change, or mitigate or sequester carbon emissions prevention and control of soil erosion and erosion stabilization.

(3)(C) Facilitate coordinated resource management efforts for watershed restoration and enhancement.

(D) Develop and implement projects and programs for the conservation, enhancement, restoration, adaptation and resilience of soil, water, and biodiversity and related natural resource conservation.

(c)(5) The districts shall not conserve water for power purposes or produce or distribute power for their own use or for the use of others.

9151.

A resource conservation district may be formed pursuant to this division for both of the following purposes:

- (a) The control of runoff, the prevention or control of soil erosion, the development and distribution of water, and the improvement of land capabilities.
- (b) To promote and implement programs, projects, practices, and activities on public and private natural, working, and urban lands to support achievement of California's climate, conservation, and natural resources goals and objectives, including, but not limited to, all of the following:
- (1) Protecting people, communities, ecosystems, and public and private resources from devastating wildfire, flood, drought, and other natural disasters.
- (2) Protecting, conserving, restoring, promoting, and improving the health, resilience, and adaptability to climate change of natural, working, and urban lands.
- (3) Protecting and improving water quality, conserving water resources, and developing and distributing water.
- (4) Planning, preparing for, and addressing sea level rise, storm surge, beach and bluff erosion, saltwater intrusion, and flooding to preserve and enhance coastal wetlands and natural lands, and to conserve biodiversity.
- (5) Protecting, conserving, and restoring California's biodiversity.
- (6) Controlling and eradicating invasive species, disease, and pests on natural, working, and urban lands.
- (6)(7) Conserving soil, controlling runoff, preventing and controlling soil erosion, and stabilizing soil erosion.
- (7)(8) Providing technical assistance to landowners and land managers in pursuit of all of the above.

Agenda Item 7-5 Ag Pass Support

Discussion / History: In October 2021, the California State Assembly passed Bill 1103 (see attached), which authorizes County Boards of Supervisors or Agricultural Commisioners to establish livestock pass programs which train and certify agricultural producers to prepare for and evacuate their operations during a natural hazard such as wildfire. The bill has resulted in the establishment of pass programs in counties such as Santa Barbara and Butte, and the creation of guidance documents and curricula, including from UC Cooperatvie Extension (see attached). Local representatives including Supervisor Jim Desmond, Supervisor Joel Anderson, and State Assemblywoman Marie Waldron have already expressed their support for this program at the local and state level.

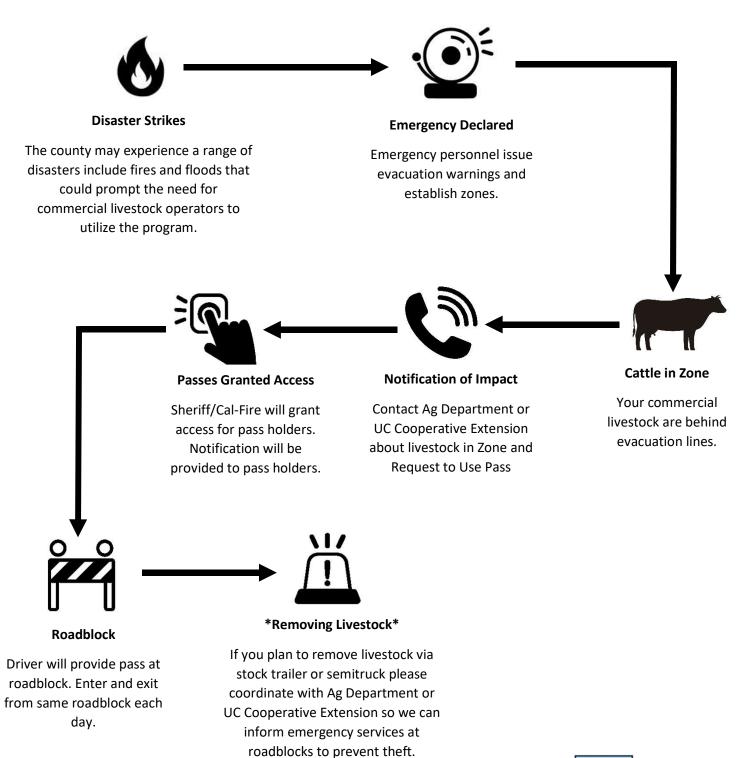

This program is of unique importance to the ranching community in San Diego, as ranchers are unable to secure their herds in the event of a wildfire, and no county agency is currently qualified or informed to do so on their behalf. Through the CDFA Healthy Soils Demonstration Grant at Rancho Jamul, the RCD and Fire Safe Council have developed a working relationship with the Ranching Community, and the San Diego County Cattleman's Association has requested RCD support on this issue. In addition, ex-Executive Director Sheryl Landrum served and current Agricultural Specialist Joel Kramer serves on the State Board of Forestry Range Management Advisory Committee. To highlight the importance of this issue, please note that ranching constitues the majority of agricultural land in the county. As such, ranching is responsible not only for reducing fuel loads on their lands, but therefore by reducing fire risk to neighboring forests and conserved lands. Ranchers are ideal partners with CalFIRE to coordinate livestock evacuation and property protection during a natural hazard, since they are most familiar with existing infrastructure and escape routes on their properties and animal control is not responsible or capable during a wildfire.

On February 23, the RCD Agricultural Specialist wrote to County Agricultural Commissioner Ha Dang to connect the Cattleman's Association. On March 15, The County of San Diego Board of Supervisors considered Item 16, "Exploring the Feasibility of an Ag Pass Program in the County of San Diego. The motion was approved with a timeline of 180 days, with the first step being a review by the Public Safety Group. Meanwhile, the ranching community strongly requested that the feasibility study be conducted over 60 – 90 days (May 31), to ensure that CalFire has time to be trained in the program before the start of the fire season. The most recent communication from the County to the Cattleman's Association was an email from Ag Weights and Measures Deputy Director Garret Cooper confirming that the study was under review by the Public Safety Group.

Financial Impact: There is no cost associated with this effort. Potential source of funding to Fire Safe Council to provide training to agricultural producers in partnership with CalFire.

Staff recommendation: Staff recommends the Board submits a letter of support addressed to the County of San Diego Agricultural Commissioner Ha Dang with a request to fast-track the feasibility study of the San Diego County Ag Pass Program for completion by May 31, 2022, in order to allow for program implementation before the start fo the fire season. If delays are a result of an attempt to include cultivated lands such as orchards and vineyards, it is recommended that the program adopt the existing criteria for livestock pass programs before the fire season begins, and complete the pass program for cultivated lands at a later date.

Agenda Item 7-6: Support for SB 1027 (Atkins)

Discussion / History: SB 1027, supported by Senator Atkins, will refine the definition of the lands included within the San Diego River Conservancy to include all acreage within the watershed of the San Diego River. Current statutory language defines the Conservancy's jurisdiction to include half a mile on both sides of the San Diego River, its tributaries, streams and creeks. Under the current law the River Conservancy boundary includes 249,650 acres or 89.5% of the watershed. The entire watershed covers a total of approximately 278,938 acres. Increasing the service area of the River Conservancy to the entire watershed will add approximately 27,894 acres and will allow the SDRC to direct funds to support conservation in this area.

The bill proposes clarification to the Tribal nation definition reference to include not just federally recognized tribes but also tribal nations as referenced on the Native American Heritage's contact list, specifically including "Kumeyaay" as the Native American tribes indigenous to the San Diego region. SB 1027 also proposes the equitable inclusion of the City of El Cajon located entirely within the San Diego River watershed. El Cajon is the only city within the watershed that contains disadvantaged and severely disadvantaged communities with approximately 20% of residents living in poverty, and a large immigrant population with 30% of residents foreign born, according to the U.S. Census Bureau report issued July 1, 2021.

The San Diego River Conservancy is a partner of the RCDGSDC and funds our wildfire prevention work in their service area, including the watersheds of the Sweetwater, Otay, and Tijuana Rivers.

Deanna Spehn, Policy Director for Senate President Pro Tempore Toni Atkins, will be present to answer any questions about Senate Bill 1027.

Financial Impact: None.

Staff recommendation: Staff recommends that the Board support SB 1027 and authorize the Executive Director to submit a letter of support if called upon to do so.

Date

The Honorable Toni G. Atkins President pro Tempore California State Senate 1021 O Street, Suite 8518 Sacramento, CA 95814-4900

Dear Senator Atkins,

I write in support of SB 1027 that will refine the definition of the lands included within the San Diego River Conservancy to include all acreage within the watershed of the San Diego River. Current statutory language defines the Conservancy's jurisdiction to include half a mile on both sides of the San Diego River, its tributaries, streams and creeks. The health of the watershed's ecosystem is not limited to only where the water flows but includes the riparian areas, grasslands, upland and forest habitat for the entire San Diego River watershed, and should not be limited to an assigned numeric value.

The bill proposes clarification to the Tribal nation definition reference to include not just federally recognized tribes but also tribal nations as referenced on the Native American Heritage's contact list, specifically including "Kumeyaay" as the Native American tribes indigenous to the San Diego region. SB 1027 also proposes the equitable inclusion of the City of El Cajon located entirely within the San Diego River watershed. El Cajon is the only city within the watershed that contains disadvantaged and severely disadvantaged communities with approximately 20% of residents living in poverty, and a large immigrant population with 30% of residents foreign born, according to the U.S. Census Bureau report issued July 1, 2021.

The San Diego Watershed includes a combination of acreage including municipalities (local cities and San Diego County land); plus state, federal and Tribal reservation lands. Below is a breakdown of the total acreage by jurisdiction within the watershed:

10,406 acres	Barona Reservation
22,244 acres	Capitan Grande Reservation
1,153 acres	Inaja and Cosmit Reservation
3,145 acres	Anza-Borrego Desert State Park
7,780 acres	Cuyamaca Rancho State Park
9.3 acres	Old Town San Diego State Historic Park
80,444 acres	Cleveland National Forest
9,300 acres	City of El Cajon
3,301 acres	City of La Mesa
586 acres	City of Poway
46,579 acres	City of San Diego
10,277 acres	City of Santee
108,642 acres	County of San Diego

Under the current law the River Conservancy boundary includes 249,650 acres or 89.5% of the watershed. The entire watershed covers a total of approximately 278,938 acres. Increasing the service area of the River Conservancy to the entire watershed will add approximately 27,894 acres.

Funds are being used to do vegetation management within the Conservancy's service areas to reduce the risk of wildfires. The Cedar Fire in 2003 in San Diego County burned 273,246 acres largely within the watershed of the San Diego River. In 2007 the Witch Fire started near the Julian headwaters of the San Diego River near Santa Ysabel. Recent state funding to reduce the wildfire danger within watersheds allows the San Diego River Conservancy to direct funds to reduce the amount of dead and dying trees, improve native habitat and reduce the fire danger to homes and structures within the region's backcountry and local suburbs.

A major priority of the River Conservancy's Governing Board is to expand opportunities for public access to public lands through the construction and maintenance of a trail system from Dog Beach in Ocean Beach to the river's headwaters in Julian over 52 miles to the east. Expanding the authority of the Conservancy to include the complete acreage of each of its member jurisdictions would allow proposed trails to connect with residents in all the jurisdictions within the watershed, as well as to visitors from throughout the County.

The San Diego River Conservancy was established in 2002 to manage, restore, protect and conserve the riparian and estuarine habitat along the River. Over the years its responsibilities have been broadened to include protecting and enhancing extensive historic and cultural resources within its boundaries, manage water quality and natural flood conveyance, ensure public access to public lands, offer recreational opportunities to those living and working in neighboring communities, and protect local wildlife species and habitat. There is evidence of the Kumeyaay living within the Conservancy's current boundaries for at least 10,000 years.

Now, 20 years later, the Conservancy actively works with the U.S. Forest Service, local governments, Tribal governments, non-profit organizations, and the public to meet the goals the state has set for the River Conservancy. Expanding the jurisdictional boundary of the Conservancy to include the entire watershed of the San Diego River will remove the current restrictions on which areas within a given jurisdiction's boundaries can or cannot benefit from improvement programs funded by the Conservancy.

Sincerely,

Introduced by Senator Atkins

February 15, 2022

An act to amend Section 12805.2 Sections 32632, 32634, and 32644 of the Government Public Resources Code, relating to state government. the San Diego River Conservancy.

LEGISLATIVE COUNSEL'S DIGEST

SB 1027, as amended, Atkins. Natural Resources Agency: database: lands and easements. San Diego River Conservancy.

The San Diego River Conservancy Act establishes the San Diego River Conservancy in the Natural Resources Agency, and prescribes the territory, functions, and duties of the conservancy with regard to, among other things, the acquisition, protection, and management of public lands within the San Diego River area, as defined. The act provides that the conservancy has all rights and powers, expressed or implied, necessary to carry out the purposes of the act. The act limits the jurisdiction of the conservancy to the San Diego River area, as defined.

This bill would modify the definition of the San Diego River area and would limit the jurisdiction of the conservancy to the San Diego River watershed. The bill would also revise the definition of a tribal nation under the act to mean a federally recognized Kumeyaay Band or California Native American tribe, as specified.

Under the act, the governing board of the conservancy consists of 15 voting members, including the Mayor of San Diego or their designee, and 2 nonvoting members, as specified.

2 SB 1027

This bill would delete the Mayor of San Diego or their designee as a member and would instead include one member of the City Council of El Cajon, elected by a majority of the membership of the council, as a member of the governing board.

Existing law requires the Natural Resources Agency to develop and maintain a database of lands and easements that have been acquired by the departments and boards within the agency.

This bill would require the Natural Resources Agency to maintain an interactive statewide map of those lands and easements and would require that the interactive map be made available, as feasible, to the public on the agency's internet website. The bill would make additional nonsubstantive changes.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 32632 of the Public Resources Code is 2 amended to read:
- 32632. For the purposes of this division, the following terms 3 4 have the following meanings:
- (a) "Conservancy" means the San Diego River Conservancy 5 established by this division. 6
 - (b) "Fund" means the San Diego River Conservancy Fund established pursuant to Section 32657.
- 9 (c) "Governing board" means the governing board of the conservancy. 10
 - (d) "Historic flumes" means both of the following:

11

15

16 17

- 12 (1) The Padre Dam flume built by Native Americans along the 13 San Diego River to convey water from the Mission Dam to the 14 Mission San Diego de Alcala in the early 1800s.
 - (2) The flume built by the San Diego Flume Company in the late 1880s to convey water from a diverting dam on the upper San Diego River to the eastern edge of the City of San Diego.
- 18 (e) "Local public agency" means a city, county, district, or joint 19 powers agency.
- 20 (f) "Nonprofit organization" means a private, nonprofit 21 organization that qualifies for exempt status under Section
- 22 501(c)(3) of the Internal Revenue Code, as amended, and that has
- 23 among its principal charitable purposes the preservation of land

3 SB 1027

for scientific, historic, educational, recreational, scenic, or open-space opportunities, the protection of the natural environment, or preservation or enhancement of wildlife.

1 2

- (g) "San Diego River area" or "area" means those lands or other areas that are donated to, or otherwise acquired by, or operated by, the conservancy, which are located within one-half mile on either side of the thread of the river and its tributaries including the historic flumes emanating from the river, from its headwaters near Julian to the Pacific Ocean at Dog Beach in San Diego, and other properties located within the watershed of the San Diego River that meet the intent of this division as approved on a case-by-case basis by a two-thirds majority vote of the governing board. River.
- (h) "Tribal nation" means a federally recognized tribe Kumeyaay Band or California Native American tribe on the Native American Heritage Commission contact list within traditional Kumeyaay territory traditionally and culturally affiliated with the County of San Diego.
- SEC. 2. Section 32634 of the Public Resources Code is amended to read:
- 32634. (a) The governing board of the conservancy shall consist of 15 voting members and two nonvoting members.
- (b) The voting members of the board shall consist of the following:
- (1) The Secretary of the Natural Resources Agency, or his or her their designee.
 - (2) The Director of Finance, or his or her their designee.
- (3) The Director of Parks and Recreation, or his or her their designee.
- (4) The Director of Fish and Wildlife, or his or her their designee.
- (5) A representative of the Colorado Desert District of the Department of Parks and Recreation, or his or her their designee.
- (6) Five members of the public at large, three of whom shall be appointed by the Governor, one of whom shall be appointed by the Senate Committee on Rules, and one of whom shall be appointed by the Speaker of the Assembly.
- 38 (7) The Mayor of San Diego, or his or her designee. One member 39 of the City Council of El Cajon, elected by a majority of the 40 membership of the council.

SB 1027 —4—

(8) One member of the City Council of San Diego, elected by a majority of the membership of the council.

- (9) One member of the Board of Supervisors of the County of San Diego, whose district includes the preponderance of the San Diego River watershed.
- (10) One member of the Kumeyaay Diegueño Land Conservancy board of directors, elected by a majority of the membership of that board, or his or her their designee.
- (11) One member of the City Council of Santee, elected by a majority of the membership of the council.
 - (c) The two nonvoting members shall consist of the following:
- (1) The Executive Director of the Wildlife Conservation Board, or his or her their designee.
- (2) A representative selected by the San Diego Regional Water Quality Control Board.
- (d) Two of the three initial appointments by the Governor pursuant to paragraph (4) of subdivision (b) shall be for three-year terms and the third appointment shall be for a two-year term. All subsequent appointments shall be for four-year terms.
- (e) A person shall not continue as a member of the governing board if that person ceases to hold the office that qualifies that person for membership. Upon the occurrence of those events, the person's membership on the governing board shall automatically terminate.
- SEC. 3. Section 32644 of the Public Resources Code is amended to read:
- 32644. The jurisdiction of the conservancy is limited to the watershed of the San Diego-River Area. River.
- SECTION 1. Section 12805.2 of the Government Code is amended to read:
- 12805.2. (a) The Natural Resources Agency, in consultation with each department, board, conservancy, and commission within the agency, shall develop and maintain a database of lands and easements that have been acquired by the departments and boards within the Natural Resources Agency. The database shall, at a minimum, include all of the following:
- 37 (1) The name of the owner of the land or easement.
 - (2) The location of the land or easement.
- 39 (3) The statutory authority for the acquisition of the land or 40 easement.

5 SB 1027

(b) In conjunction with the database described in subdivision (a), the Natural Resources Agency shall do all of the following:

- (1) On or before September 1, 2002, and each year thereafter, request that all departments, boards, commissions, and conservancies within the Natural Resources Agency provide the Secretary of the Natural Resources Agency with information on any acquisitions of land or funding that was directed to the acquisition of land, undertaken by the department, board, commission, or conservancy.
- (2) To the extent that the information is available, on or before January 10, 2003, and each year thereafter, require that all departments, boards, commissions, and conservancies within the Natural Resources Agency provide the Secretary of the Natural Resources Agency with general information, including a general geographic description of land acquisition priorities and potential funding sources during the next fiscal year.
- (3) To the extent feasible, review and evaluate any available information from federal agencies pertaining to its land acquisition activities to coordinate and better understand the impact on California state proposals.
- (4) Provide a report to the Governor and the Legislature on or before December 31, 2003, and each year thereafter, that does both of the following:
- (A) Describes the amount of land acquired by each department, board, commission, and conservancy within the Natural Resources Agency during the past year and the amount of money spent for the acquisition.
- (B) Projects the approximate amount of land that will be acquired by the Natural Resources Agency during the following year.
- (5) Provide the report described in paragraph (4) to the Secretary of Food and Agriculture and the Director of Conservation.
- (6) Establish a uniform open process to ensure that information is readily available to the general public, local, state, and federal agencies, adjacent landowners, and other interested parties of record regarding any state hearings to approve proposed state land acquisitions.
- (7) Develop strategies with local, state, and federal agencies so that a revenue stream is established to ensure management plans are adequately funded for all new acquisitions.

SB 1027 — 6—

6

(e) The Natural Resources Agency shall maintain an interactive statewide map of the lands and easements described in subdivision
 (a) that shall be made available, as feasible, to the public on the Natural Resources Agency's internet website.
 (d) This section shall be implemented only during those fiscal

(d) This section shall be implemented only during those fiscal years for which funding is provided for the purposes of this section in the annual Budget Act or in another measure.
